To have a happy home, save.

And when you have saved, be sure to use the money, be sure to invest the money, in a way that will bring in a good amount in interest or dividends every year.

The best plan is to invest your money as near home as possible and in a Company you know, and have confidence in.

A very large number of householders are now investing in the securities of their local electric company. This is sensible.

Keep your savings safe in your home community. Keep home dividends at home.

Your Savings invested in our Preferred Stock.

Yielding 6-2-3%, will help you to get ahead.

Our monthly savings plan will help you to save.

The good rate of interest increases your money and the steady earnings of this company insure your investment. Be one of our family of 2365 stockholders.

## Gay Mandarin Coats for Semi-Sports Wear

Among the things that promise a summer of joyous clothes, the cheerful mandarin coat stands well toward the front. It is an adaptation of the colorful and rich oriental garment, made of printed silk or other figured fabric and worn with a light frock that uses the same material for bandings and trimmings.

## Millinery Styles Are Greatly Varied

The millinery program for spring and summer is greatly varied, including small, close-fitting hats with little brims, turbans and wide-brimmed models. For the smaller hats fabrics and millian straw form the foundation, with ribbon, lace and flower trimmings; for larger shapes hair and tucan braids.

*The Best of Quality Paint*

**Be Sure This Time!**

When you are getting ready to have your house painted, it is important to remember that there are two essentials for every perfect job of painting—a good surface and reliable paint.

The time spent in thoroughly cleaning and preparing the surface to be painted will be repaid many times over in the added years of wear that can be expected from a paint applied under proper conditions. Hanna's Green Seal Paint goes furthest.

Hanna's Green Seal Paint answers every purpose—the formula is on the package. It looks best and wears longest.

When it's time to think of painting—think of Hanna. Remember the famous Green Seal—for 36 years the standard.

show display purposes and thus lend aid to the movement.

How Marshall is going to protect members of his central and executive committee who are candidates when it comes to endorsing D. H. Barnes, the Klan candidate for post office in Xenia, is causing some comment at this time. Once these candidates mix in the postoffice fight in Xenia, there will be no way of washing their hands of the affair to the satisfaction of antisklan element. If endorsement isn't given, more trouble. Marshall seeks the Klan support and the Klan seems to have the best of him. All he can do is to endorse and make good his offer. It is our guess that a number of the Marshall candidates are to be sacrificed. It is any kind of a deal—so "me and the judge" get the endorsement.

We hear some amusing things about the Klan situation from a political standpoint. It seems Marshall is dealing with the Rev. Middleton and many Klansmen are puffed the way the organization is being discredited in a political way. A Klansman told us a joke Monday that is a good one. He said that when representatives of the W. G. T. U. came for an interview seeking political support at the coming primary, the Dr. asked what the letters on their badge stood for. One says: "Woman's Christian Temperance Union." The Dr. lifted his glasses and put a new interpretation on it, "We Come To U."

Another story relates as to how news leaked out from Klan headquarters and settled so quickly in Marshall's office. That's easy the Klansman says. Marshall gets the news "Early." Klansmen are known among themselves as "100 per centers." As a word of warning Klansmen should remember this, Marshall is the first "100 per center" in the county. Ask those who were initiated in "Catochem and Cleanem, Inc."

Sheriff Morris Sharp will be a candidate for his second term and it is not thought that he will have opposition at the primary.

A new name has been drawn into the prosecutor race and is a possibility. Frank H. Dean, who would come with quite a following should he decide to enter.

Do not be surprised if most every township in the county does not have a candidate for county commissioner. A. North is dead to come for county commissioner. It appears a bit too late to attempt to name all those who are considering and making preliminary surveys of the field.

### SHORTS AND MIDDINGS

Chick specialists and children's specialists now both recommend feeding egg yolk or codliver oil to prevent leg weakness.

Ask Say: Make a little work go a long way.

Pork prices are due for a rise this fall, say economists at the Ohio State University, on the basis of the decreased number of brood sows on the farm of Ohio.

Legumes prevent bankruptcy because they insure a steadily increasing reserve deposit in the soil.

Every person in the United States eats about a bushel less wheat a year now than he did before the war.

About 70 per cent of accidents at crossings, say railroad authorities, occur in daylight; 83 per cent at places with which the driver is entirely familiar.

Ohio farmers who use only purebred sires on their farms are now receiving these signs from the Federal Department of Agriculture. "Purebred Sires Exclusively Used on This Farm."

The destiny of nations depend upon what they eat. Proverbs of France.
